

COMMUNITY COLLEGE

Stepping Stone to Your Future

[20 min] English & Spanish Versions

Audience: Students & their families

Designed for middle and high school students and their families, this video features both current and former community college students who have benefited in different ways from their community college experiences. The video explains why community college is a good option for many students.

Included in this section is a discussion guide to help the facilitator in conducting a beneficial dialogue with students and their families.

This section of the toolkit includes:

- Facilitator Discussion Guide
- Directory of Educational Opportunities at Texas Public Community, Technical and State Colleges
