

COUNTDOWN TO YOUR FUTURE

[20 min] English version only

Audience: Students & their families

Based on a motivational presentation by Dr. Jack Bacon of the National Aeronautics and Space Administration (NASA), this video is designed to awaken in students an excitement about the future and the opportunities that will be available to those students who prepare. It is a tool that classroom teachers can use to motivate students to set goals, work hard in school, take challenging courses and prepare themselves for productive, fulfilling lives in a rapidly changing world.

Included in this section is a discussion guide to use with students.

This section of the toolkit includes:

- Facilitator Discussion Guide
